Offer

Label and packaging manufacturing

We offer self-adhesive labels in rolls, in small, medium and big quantities for industrial use, suited for automated / machine label application.

Our full digital workflow allows production of the labels without using printing cliches and cutting dies.

We also produce labels and other printed products with variable data printing, like individual bar codes, QR codes and other standards of coding.

Keywords: label labels packaging printing die-cutting coding barcode QR code VDP Variable data printing Ean 13 code 128
