

# FUTURE>NOW

*Future-Now inspires, connects and activates business partners to develop a future-proof mindset and business models.*

## HISTORY AND GOALS

Digital transformation is not a goal but a measure. To be future-proof we believe in a flexible adaptive team who are open to change / development / cooperation.

Future-Now was founded in 2018, with the aim of supporting organizations in coping with the challenges of tech changes, new trends, new customer and user needs.

Our clients get to know areas and aspects of digitalization, end-user trends and technologies relevant in the next 1-3 years.

We help build an innovative culture, adopt off-the-shelf cutting edge solutions by using an „I do – we do – you do“ method.
